Since we are just back from our annual vacation this column will be another travelog. This type of column is forced upon us for two reasons. One is that as usual this column has to be written on Monday and the Monday after a vacation is even worse than a regular Monday. The second reason is that after a week of camping out in State Parks we are too far out of touch with the world and the things going on around here to fill up this space.

For sometime now we have wanted to follow the advice of the Texas Highway Department and the Texas Parks and Wildlife Department and vacation in Texas instead of traveling out of state. This we did this past week and thoroughly enjoyed it.

Because our son Darrell is in Medical School at Galveston and had only the weekend off, we spent about three days in Galveston visiting him and then headed up through East Texas. In spite of all the advice to the contrary about how this is a poor time to visit East Texas, we found it most pleasant.

For those of you who camp out or trailer, we can highly recommend two State Parks to you. Both the parks at Huntsville and Tyler are beautiful. This is especially true of the one at Tyler. This park will rival just about anything we have seen in the Ozarks.

This is a two-hour performance of an outdoor drama similar to the type of production as the Albany Fandangle except that it operates all summer.

The production is staged in a beautiful new amphitheatre on the reservation and tells the history of these two Indian tribes during the time of the fight for Texas Independence.

## School Board Holds Line On Budget With \$1.50 Tax Rate

The Board of Trustees of Hamlin Independent School District set the tax rate for

the current year, gave tentative approval to a budget for the coming year, and hired several coaches and teachers for the fall term at their meeting here Monday evening.

The board set the tax rate at \$1.50 with \$1.30 of this for local maintenance and 20 for debt retirement. Supt. Bob Hawes told the board that this was the fourth year that the district has been able to hold the tax rate at this \$1.50 level in spite of inflation and actions of this past session of the Legislature.

A Budget Hearing will be held on Monday, Aug. 11, to answer any questions the district taxpayers might have concerning the budget for the coming year. The proposed budget calls for the total expenditures for the coming year of \$837,974.00 for both maintenance and debt service.

This is an increase of \$56,154.00 over this past year with most of the increase brought about by teacher salary increases granted by this past session of the Legislature.

The board approved the

hiring of three new coaches for the coming school term and two other teachers. Dennis Anderson of Quanah will be an assistant coach in high school and will teach social studies. The two new junior high school coaches will be Larry and Gary Bartee, formerly of Albany. Larry will be moving here from Canadian and will also teach social studies. Gary, a twin brother of Larry, will be moving from Idalou and will teach science.

Mrs. Sahah Lievan will be the new first grade teacher, replacing Mrs. Janis Lain.

who was granted a leave of absence. The board hired Bruce Wilson to teach high school biology.

In other action the board again approved the Farmers and Merchants National Bank as the depository for the district and voted to re-write the insurance policies for the coverage of the district's property. The board voted to increase the coverage from \$1.89 million to \$2.5 million. The board also voted to continue the Cooperative Arrangement with the other school districts within the county.

## Football Boys Need Physicals By August 11

Athletic Director David Bonds announced this week that all high school boys planning to come out for football this fall must have physicals before the start of two-a-day workouts on Monday, Aug. 11.

He said that the forms for the physicals may be picked up at the school or from him or Coach Bill Grissom. No day has been set aside for group physicals this year and each boy should contact his own family doctor for the physical.

Shoes and socks will be issued to each boy on Wednesday, Aug. 6. They may be picked up anytime during that day, Bonds said.

The annual Meet the Piper Night has been scheduled by Coach Bonds for Saturday, Aug. 16. The Pipers will hold two scrimmages again this year, but both of them will be out of town. The first scrimmage will be with Seymour on Aug. 22 and the final scrimmage will be with Olney on Aug. 29.

The first game of the season will be at Rotan Friday, Sept. 5. The first district game will be played here Oct. 3 with Anson.

### Singing Sunday

The Third Sunday Singing will be held at 2 p.m. at Calvary Baptist Church and everyone is invited, says Mrs. Bessie King, secretary for the singing organization.

Several good singers and groups are expected, she said.

Mr. and Mrs. Tom Camack of Hobbs, N.M., spent the July Fourth weekend here with her parents, Mr. and Mrs. A. H. Milsap.

Visiting with their mother and grandmother Mrs. Frances Scott, were her son and family of Houston, Mickey Kay Scott and wife Barbara and children Beverly and Michael from Friday until Monday.

## New State Law Designed to Protect Livestock Producer

A livestock producer will get prompt payment and a superior seller's lien when a new Texas law goes into effect Sept. 1.

The law is described by State Rep. Elmer Martin of Colorado City to be of major importance to the entire livestock industry of Texas.

Martin was co-sponsor of the bill, served on the House Agriculture and Livestock Committee which conducted hearings on the bill, and provided some of the bill's strongest protection for livestock producers.

Rep. Martin said the new law provides for the following:

- Livestock sold for slaughter must be paid for by check, cash or wire transfer of funds on the day that transfer of possession occurs.

- Instruments of payment must be drawn on banks so located as not to artificially delay collection of funds.

- The seller's lien on livestock sold for slaughter will have priority over any other lien or perfected security interest.

- This lien extends not only to the livestock but to its carcass, all products from the carcass and the proceeds thereof.

"This is a law much in need for protection of the livestock producer," Rep. Martin emphasized.

"Too many times the livestock producers have turned over their cattle to packers only to receive nothing because of default or bankruptcy on the part of the packers."

The livestock payment-lien law was one of 62 bills studied and considered in public hearings during the recent 64th Legislative Session by the House Agriculture and Livestock Committee, according to Rep. Martin.

Rep. Martin said other major legislation also affects livestock producers.

Already signed by the Governor and already in effect is a law that provides for the State Commissioner of Agriculture to inspect livestock for quality and classification. However, this inspection is authorized upon the request of the livestock owner, who must pay a fee for the work.

Also in effect is a new law that brings assistance to the producer whose herd is hit by brucellosis.

"This will help in the fight against this disease," explained Martin, who co-

sponsored the bill, "by allowing the Texas Animal Health Commission to pay up to \$40 per head for cattle in problem herds and extreme hardship cases."

Designed to help the livestock producer in the face of meat imports from foreign countries is another law co-sponsored by Rep. Martin and already in effect after being signed by Governor Biscoe.

This law prohibits the purchase of imported beef by state agencies and subdivisions.

# FROM THE FILES . . .

## FIFTY YEARS AGO

(July 10, 1925)

Last Friday, J. E. Moody, of Itasca arrived to assume the duties of Manager for the Hamlin Cotton Oil Mill. Mr. Moody is a young man from Itasca and in a few weeks his wife and two girls will join him here. Mr. Moody takes the place of Mr. Fulford who recently moved to Dallas.

It was mentioned last week that the Hamlin Baptist Church had called Rev. Littleton of Cross Plains to be their pastor. A telegram Monday stated that he would accept the church here. Rev. Littleton is a brother of Lee Littleton of this city and during the past few years he has made many acquaintances while on visits here. He and his family will move to Hamlin about the last of August.

Tuesday night, the Hamlin Luncheon Club banqueted at the Hamlin Inn and every one present reports a good evening. While the number present was not as large as usual there were several new men who came with their ideas and expressions to help further any enterprise that could be induced "Hamlin way." Among the several things discussed was the likelihood of a booster trade trip during the summer and a big free picnic sometime in August. These dates will likely be made known later in plenty of time for everybody to know the full details.

Rev. G. F. Palmer, pastor of the Methodist church, being away this Sunday, the Herald is requested to announce that Rev. Sam C. Vaughan will occupy the pulpit at the eleven o'clock hour Sunday morning. Rev. Palmer and family left Monday morning for a three week's vacation. Mrs. Palmer and children went to Canadian where they will remain visiting relatives while Rev. Palmer spends the time in Denver, Colo., taking special theological work.

## TWENTY YEARS AGO

(July 8, 1955)

Rainfall average for the Hamlin area has been greatly improved so far during 1955 over the past four years, a tabulation of the gauged amounts of precipitation recorded at the government rain gauge by the Herald reveals. Moreover, the average for the first six months of the year has been raised by rains since January to 10.84 inches from the 9.38 inch average held through June of 1954. In fact, the drouthy years of 1950, 1951, 1952, 1953 and 1954 nearly knocked the section's rain record into a cocked hat.

Nearly 100 4-H Club boys from Jones County, with the Hamlin section well represented, are expected to attend the annual six-county 4-H Club camp near Lake Cisco, Monday and Tuesday, July 11 and 12, according to County Agent Bill Lehmburg, sponsor for the boys. Around 200 boys from Jones, Shackelford, Callahan, Stephens, Eastland and Palo Pinto Counties attend the gathering each year. Activities at the camp include swimming, horseshoes and washer pitching, track meet, three-leg race, tug of war, skating and a softball tournament. Jones County boys are defending champions in the softball competition, having won the blue ribbon for the past two years.

New officers for the ensuing year for the Hamlin Masonic Lodge #98 were installed in rites Friday night at the Masonic hall. Clarence Hyer was installed as worshipful master, with C. M. Abbott as senior warden and W. A. Cassle as junior warden. Other officers installed were: L. C. Feagan, treasurer; Ira A. Clements, secretary; Bobby Crowley, senior deacon; T. A. Davis, junior deacon; A. E. Killion, senior steward; Diamond Anderson, junior steward; and Jay H. Fitzgerald, who is the outgoing worshipful master, tiler. Ira A. Clements served as installing officer. He was assisted by H. L. Prince, installing marshal.

## TEN YEARS AGO

(July 8, 1965)

Approximately 150 persons attended the first anniversary open house at the Holiday Lodge, Sunday from 2 to 4 p.m. Visitors registered from McCaulley, Roby, Rotan, Stamford, Anson, Aspermont, Lubbock, Post, San Antonio, Odessa, Austin, Lamesa, Fort Worth, Dallas, Abilene, Santa Fe, N. M. and Bethany, Okla.

Fourteen Hamlin youths have completed plans to attend the 18th annual McMurry College Band and Twirling school, July 11-24. Jayne Carol Turner, Lynn Brannon, Margaret Ann Johnson, James E. Knabel, John W. Osbourn Jr. and Linda Legan will receive instruction in playing their individual instruments. Reta Grace Oliver.

By Mrs. Fred Kemp

We have typical July weather as this is being written. Hope everyone has rested since their activities on the Fourth.

Curtis Stephenson, formerly of McCaulley and Sylvester, is undergoing treatment in the M. D. Anderson Hospital in Houston. He will be there some time yet and it would be nice to cheer him a bit with cards and letters—Room E 403 D, Houston, 77025.

The members of the Hamlin Chapter of the Future Homemakers of America met on Tuesday morning, at 10 a.m. at the city park for a swimming party and picnic. There, the incoming Freshman girls were welcomed into F.H.A. After swimming, a picnic lunch was served to approximately 60 girls and their sponsors, Mrs. Camille Simmons and Mrs. Arla Feagin.

The Reservation was founded in 1802, and now is home for some 500 members of the Tribes. It is the hope of these two tribes to become completely self-sufficient through their tourism program by 1978.

Although the outdoor drama is conducted only in the summer time this year it is scheduled to be operated in the spring and fall on weekends. The balance of the activities operate the year-round. The Reservation is located 90 miles north of Houston just east of Livingston.

Among the other attractions available are a Living Indian Village, Indian Country Historical Tour, Tribal Dances, Big Thicket Reptile Garden, Indian Chief Train Ride and a Museum and Arts and Crafts Shop. A new building is being constructed for the Museum and it was not open while we were there.

Again for those of you who camp or trailer, the Reservation operates two campgrounds.

### Seven Local Band Students Attending ACC Band Camp

A change from the windy days and nights of just a few days ago. The peace and quiet of this morning makes one want to meditate or gaze out the back door at the dove and quail instead of getting down to the chores of the day.

A word of apology to Carla Young. Seems I had the misinformation that she was vacationing with cousins in Houston. Not so, she is right here in McCaulley.

Seems most people have vegetable gardens this summer. Bill Young has about the most beautiful okra growing. He says he has to gather it every 24 hours during these hot summer days.

David Riggs has been busy this summer. He is working for Ross Douglass at the fish farm. Linda Riggs is working at Ha-Ta-hoo in Sweetwater again this summer.

Mr. and Mrs. Creed Smith of Kingston and Mr. and Mrs. Jack Maberry of Terrell were surprise visitors in the home of the Luther Maberrys recently. The Maberrys were delighted to have grandchildren, Kyle and Melett Rowland of Sweetwater for a few days while parents, Mr. and Mrs. Don Rowland were on a business trip.

James and Max Kemp attended the State FFA Convention in Houston last week accompanied by Mr. Eldon Chambers, Chapter Advisor of the local FFA.

Mrs. Levi McCollum has just returned from a vacation to points in Florida, Mississippi and Alabama. She accompanied Rev. and Mrs. Jim Pickens and children, Larissa Ann and James Mack of Abilene. Mrs. Pickens is the former Mary Ann McCollum.

Mr. and Mrs. Avis Jeffrey have moved a house in to McCaulley across the street from the Lawrence Griffins. They are adding some rooms—need plenty of space for those grandchildren when they come to visit.

Mrs. Chester Slough of Andrews was an overnight visitor in the home of Mr. and Mrs. Fred Kemp.

Mr. and Mrs. Clyde Minshaw have just returned from a postmaster's Convention in Waco. Mrs. Claude Crowley,

We would like to thank those who supported our fruit sales and our annual volleyball tournament, the BCD for helping start our gift chain, the Child Care Center for making our Building Our American Communities project a great success, and the Hamlin Jaycees for sponsoring the community livestock show.

We would like to specifically thank the following individuals and companies for donating their time, labor, and equipment towards our wheat crop behind the Vo Ag building.—Carlton Implement Co. for letting us use a tractor and tandem to break the ground, H.L. and Spencer Ford for donating and sowing the wheat seed, Skipper Smith for combining it, and Pied Piper Mills for letting us use their grain truck. Our special thanks to the policemen, fire department, C. B. radio group, Gary Smith, and Greg Lievan for flying his plane. Many others either walked, or drove your cars. We appreciate all of your help so very much.

## Neinda Philosopher Feels Sorry for Benjamin Franklin's Short-Sightedness

**Editor's note:** The Neinda Philosopher on his Johnson grass farm on Route One discusses economic theory this week, sort of.

Dear editor:

You take a man like Benjamin Franklin, how was he to know 200 years ago that his notions about thrifit would eventually be bad for the economy? That "a penny saved is a penny earned" is a theory that produces a nose-dive in the Gross National Product?

You see, according to an article I read last night, economists have been cheered because consumers, after holding back for three months, have now gone

forward to buying more on credit. The Federal Reserve Board reported that consumer debt rose for the first time in three months, reaching 185 billion dollars, a gain of over 3 billion.

"Economists have pegged hopes for a significant recovery from the recession to a revival of consumer confidence and spending," the article said, and this jump, or plunge as Backward Ben Franklin might put it, in total indebtedness, is highly encouraging.

This theory shows why farmers for instance every time they go in debt to make a crop that loses money are strengthening the back-bone of the economy. It shows that the Federal

government, now over 300 billion dollars in debt and going in deeper all the time, is lighting the path toward economic recovery, and coming along with flashlights of their own are state and city and county governments. Take New York City for example. Clearly it has taken the lead in pushing for a healthier economy.

I feel sorry for Benjamin Franklin, but you've got to remember he had no way,

looking 200 years down the road through those primitive spectacles he wore, to see that a solvent man is a road-block to economic recovery, that refusing to spend actually is sabotaging the economic machinery.

But he was a smart man, he could adapt to change and new ideas, and if he were around today no doubt would be saying "a penny saved is a monkey wrench thrown."

By the way, do you sell subscriptions to The Herald on credit? Aren't you in favor of whipping the recession?

Yours faithfully,

J. A.

#### Call One-Plus

One-Plus is always the cheapest way to call Long Distance. For example, a coast-to-coast call during business hours (8 a.m. to 5 p.m., Monday through Friday) is only 56¢ for the first minute. Out-of-state calls spanning shorter distances cost even less.

You save 35 percent over the day rate when you call out-of-state the One-Plus way evenings (5 p.m. to 11 p.m., Sunday through Friday). For example, a coast-to-coast call costs only 36¢ for the first minute.

*Remember, additional minutes are always less than the first on out-of-state calls. Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.*

## Speaks to Ag Club Monday

The Hamlin Ag Club met in regular monthly session Monday evening at the Vocational Agriculture building with nine members present.

Herman Propst of Anson and the Rolling Plains Cotton Growers was the speaker. He spoke on his job as one of the spokesmen for the cotton producer on the Rolling Plains of Texas, his work with the Congressmen in Washington, D.C., on Agriculture legislation, and the problems the cotton producer and all agricultural interests face today from a consumer-oriented Congress.

The officers of the Hamlin Ag Club remind everyone that this is an educational organization open to anyone interested in agriculture, no matter what their age or what they do for a living. We meet at least once every month and every meeting is intended to be educational. ## CAPITAL HIGHLIGHTS—

**House May Hold Impeachment Proceedings**

AUSTIN — The House of Representatives may be returning to Austin before September 1 to consider the first impeachment proceedings in more than 40 years.

already has directed its staff to draft several articles of impeachment against 229th District Judge O. P. Carrillo of Duval County.

Committee members rounded out their examination of the record in their inquiry into allegations against Carrillo last week in closed-door session.

They will vote in open session on the proposed articles.

If a majority of the 11-member panel vote to press any of the articles, the House must be called into session to consider them on the third Monday following the committee report.

The constitution further provides that the Senate must

try impeachment charges brought by the House against certain state officials, including district judges.

A two-thirds vote in the Senate is required to convict.

Fewer than a dozen serious impeachment proceedings have been brought in a century. Only one of these—the 1917 case against then Gov. James E. Ferguson—actually resulted in a removal from office.

**RAIDS CONTINUE**

Comptroller Bob Bullock led more raids against sales tax-delinquent firms in the Dallas area which, he said, owe more than \$200,000 to the state and city.

The Comptroller's agents locked a restaurant, closed a concrete manufacturer, took inventories and equipment from a photo shop, appliance shop, air conditioning firm and microfilm service company.

Property seized will be sold at public auction to satisfy tax claims unless owners pay up, Bullock said.

He scheduled an auction July 21 in San Antonio for nearly 15,000 cases of whiskey, wine and beer taken from three discount liquor houses whose owner owed \$405,000 in delinquent sales taxes.

**HIGHWAYS IN TROUBLE**  
Texas Highways and Public Transportation Department cancelled August contract lettings because of inflated costs and declining gasoline taxes.

Both T.H.P.T.D. Engineer-Director B.L. DeBerry and Gov. Dolph Briscoe, meanwhile, expressed concern over President Ford's federal highway program.

DeBerry said reducing the federal highway trust fund

**And What Have You**

By BOB CRAIG

Since we are just back from our annual vacation this column will be another travelog. This type of column is forced upon us for two reasons. One is that as usual this column has to be written on Monday and the Monday after a vacation is even worse than a regular Monday. The second reason is that after a week of camping out in State Parks we are too far out of touch with the world and the things going on around here to fill up this space.

For sometime now we have wanted to follow the advice of the Texas Highway Department and the Texas Parks and Wildlife Department and vacation in Texas instead of traveling out of state. This we did this past week and thoroughly enjoyed it.

Because our son Darrell is in Medical School at Galveston and had only the weekend off, we spent about three days in Galveston visiting him and then headed up through East Texas. In spite of all the advice to the contrary about how this is a poor time to visit East Texas, we found it most pleasant.

For those of you who camp out or trailer, we can highly recommend two State Parks to you. Both the parks at Huntsville and Tyler are beautiful. This is especially true of the one at Tyler. This park will rival just about anything we have seen in the Ozarks.

Another highlight of our trip was a visit to the Alabama-Coushatta Indian Reservation near Livingston. We were guests of the Reservation for a performance of "Beyond The Sundown." This is a two-hour performance of an outdoor drama similar to the type of production as the Albany Fan-dangle except that it operates all summer.

The production is staged in a beautiful new amphitheatre on the reservation and tells the history of these two Indian tribes during the time of the fight for Texas Independence.

The Alabama-Coushatta Indian Reservation is nestled deep in the Big Thicket area of East Texas on

### Ronald Carter Attending A&M Training Course

Ronald C. Carter of Hamlin is participating in a vocational industrial teacher education program this summer through Texas A&M University at College Station.

A general construction trades teacher at Hamlin High and Junior High Schools, Carter is among 184 teachers in training at College Station and at the Texas Engineering Extension Service's South Texas Center at Weslaco.

Already specialized in a trade area, they are completing certification courses that will qualify them to teach vocational industrial subjects in Texas schools.

The Engineering Extension Service, part of the Texas A&M University System, and the Texas Education Agency are cooperating in the program.

Courses in which participants are enrolled help develop teaching competencies. E. C. Fisher, head of the EES Vocational Industrial Teacher Education Division, said the summer work adheres to the Texas State Plan for Vocational Industrial Education.

Fisher noted that many of the men and women in the program gave up a profitable trade or business, in building or automotive trades, welding and cosmetology, to enter teaching.

A recent survey of the group shows the majority have eight to 12 years trade experience, an average 14 years education and want to teach because they feel they can help young people.

Chapter also received a special award for its BOAC activities from the Electric Cooperatives of Texas. The special award was a \$500 check to the chapter. The chapter's selection as the state winner in the BOAC program was based on the chapter's work at the Hamlin Child Care Center.

The Hamlin FFA Chapter

also received an award in the National Chapter Contest and will be one of the chapters representing Texas in the National Chapter Contest at the National FFA Convention in Kansas City, Mo., this fall.

At the convention, Randy Elmore was named winner of a "Red" Davidson College Scholarship. The \$700 scholarship will be used by

### All-Stars Down Merkel Tuesday, Play Again Friday

In other Little League All-Star play, Stonewall-Kent defeated Rotan 5-2. Merkel and Rotan will meet Friday at 5:30 for consolation.

### McCaulley Baptist Church Revival To Open Sunday

A revival at First Baptist Church of McCaulley July 20-27 will feature the Rev. E. V. Brooks of Abilene as the evangelist. G. W. Joplin will direct the singing and Mrs. Joplin will be the pianist.

Everyone is invited to the evening prayer meeting at 7:30 and the preaching service at 8 each evening.

Mr. and Mrs. Herman Sharer and Mr. and Mrs. Jessie Jaynes and daughter Amanda of Anson attended the July 4 celebration at Shotwell Stadium in Abilene.

The Board of Trustees of Hamlin Independent School District set the tax rate for

the current year, gave tentative approval to a budget for the coming year, and hired several coaches and teachers for the fall term at their meeting here Monday evening.

The board set the tax rate at \$1.50 with \$1.30 of this for local maintenance and .20 for debt retirement. Supt. Bob Hawes told the board that this was the fourth year that the district has been able to hold the tax rate at this \$1.50 level in spite of inflation and actions of this past session of the Legislature.

A Budget Hearing will be held on Monday, Aug. 11, to answer any questions the district taxpayers might have concerning the budget for the coming year. The proposed budget calls for the total expenditures for the coming year of \$837,974.00 for both maintenance and debt service.

This is an increase of \$56,154.00 over this past year with most of the increase brought about by teacher salary increases granted by this past session of the Legislature.

The board approved the

## New State Law Designed to Protect Livestock Producer

A livestock producer will get prompt payment and a superior seller's lien when a new Texas law goes into effect Sept. 1.

The law is described by State Rep. Elmer Martin of Colorado City to be of major importance to the entire livestock industry of Texas.

Martin was co-sponsor of the bill, served on the House Agriculture and Livestock Committee which conducted hearings on the bill, and provided some of the bill's strongest protection for livestock producers.

Rep. Martin said the new law provides for the following:

1. Livestock sold for slaughter must be paid for by check, cash or wire transfer of funds on the day that transfer of possession occurs.

2. Instruments of payment must be drawn on banks so located as not to artificially delay collection of funds.

3. The seller's lien on livestock sold for slaughter will have priority over any other lien or perfected security interest.

4. This lien extends not only to the livestock but to its carcass, all products from the carcass and the proceeds thereof.

"This is a law much in need for protection of the livestock producer," Rep. Martin emphasized.

"Too many times the livestock producers have turned over their cattle to packers only to receive nothing because of default or bankruptcy on the part of the packers."

The livestock payment-lien law was one of 62 bills studied and considered in public hearings during the recent 64th Legislative Session by the House Agriculture and Livestock Committee, according to Rep. Martin.

Rep. Martin said other major legislation also affects livestock producers.

Already signed by the Governor and already in effect is a law that provides for the State Commissioner of Agriculture to inspect livestock for quality and classification. However, this inspection is authorized upon the request of the livestock owner, who must pay a fee for the work.

Also in effect is a new law that brings assistance to the producer whose herd is hit by brucellosis.

"This will help in the fight against this disease," explained Martin, who co-

hiring of three new coaches for the coming school term and two other teachers. Dennis Anderson of Quanah will be an assistant coach in high school and will teach social studies. The two new junior high school coaches will be Larry and Gary Bartee, formerly of Albany. Larry will be moving here from Canadian and will also teach social studies. Gary, a twin brother of Larry, will be moving from Idalou and will teach science.

Mrs. Sahah Lievan will be the new first grade teacher, replacing Mrs. Janis Lain.

who was granted a leave of absence. The board hired Bruce Wilson to teach high school biology.

In other action the board again approved the Farmers and Merchants National Bank as the depository for the district and voted to re-write the insurance policies for the coverage of the district's property. The board voted to increase the coverage from \$1.89 million to \$2.5 million. The board also voted to continue the Cooperative Arrangement with the other school districts within the county.

## Football Boys Need Physicals By August 11

Athletic Director David Bonds announced this week that all high school boys planning to come out for football this fall must have physicals before the start of two-a-day workouts on Monday, Aug. 11.

He said that the forms for the physicals may be picked up at the school or from him or Coach Bill Grissom. No day has been set aside for group physicals this year and each boy should contact his own family doctor for the physical.

Shoes and socks will be issued to each boy on Wednesday, Aug. 6. They may be picked up anytime during that day, Bonds said.

The annual Meet the Piper Night has been scheduled by Coach Bonds for Saturday, Aug. 16. The Pipers will hold two scrimmages again this year, but both of them will be out of town. The first scrimmage will be with Seymour on Aug. 22 and the final scrimmage will be with Olney on Aug. 29.

The first game of the season will be at Rotan Friday, Sept. 5. The first district game will be played here Oct. 3 with Anson.

### Singing Sunday

The Third Sunday Singing will be held at 2 p.m. at Calvary Baptist Church and everyone is invited, says Mrs. Bessie King, secretary for the singing organization.

Several good singers and groups are expected, she said.

Mr. and Mrs. Tom Camack of Hobbs, N.M., spent the July Fourth weekend here with her parents, Mr. and Mrs. A. H. Milsap.

Visiting with their mother and grandmother Mrs. Frances Scott, were her son and family of Houston, Mickey Kay Scott and wife Barbara and children Beverly and Michael from Friday until Monday.

# FROM THE FILES . . .

FIFTY YEARS AGO

(July 10, 1925)

Last Friday, J. E. Moody, of Itasca arrived to assume the duties of Manager for the Hamlin Cotton Oil Mill. Mr. Moody is a young man and in a few weeks his wife and little girl will join him here. Mr. Moody takes the place of Mr. Fulford who recently moved to Dallas.

It was mentioned last week that the Hamlin Baptist Church had called Rev. Littleton of Cross Plains to be their pastor. A telegram Monday stated that he would accept the church here. Rev. Littleton is a brother of Lee Littleton of this city and during the past few years he has made many acquaintances while on visits here. He and his family will move to Hamlin about the last of August.

Tuesday night, the Hamlin Luncheon Club banqueted at the Hamlin Inn and every one present reports a good evening. While the number present was not as large as usual there were several new men who came with their ideas and expressions to help further any enterprise that could be induced "Hamlin way." Among the several things discussed was the likelihood of a booster trade trip during the summer and a big free picnic sometime in August. These dates will likely be made known later in plenty of time for everybody to know the full details.

Rev. G. T. Palmer, pastor of the Methodist church, being away this Sunday, the Herald is requested to announce that Rev. Sam C. Vaughan will occupy the pulpit at the eleven o'clock hour Sunday morning. Rev. Palmer and family left Monday morning for a three week's vacation. Mrs. Palmer and children went to Canadian where they will remain visiting relatives while Rev. Palmer spends the time in Denver, Colo., taking special theological work.

TWENTY YEARS AGO

(July 8, 1955)

Rainfall average for the Hamlin area has been greatly improved so far during 1955 over the past four years, a tabulation of the gauged amounts of precipitation recorded at the government rain gauge by the Herald reveals. Moreover, the average for the first six months of the year has been raised by rains since January to 10.84 inches from the 9.38 inch average held through June of 1954. In fact, the drouthy years of 1950, 1951, 1952, 1953 and 1954 nearly knocked the section's rain record into a cocked hat.

Nearly 100 4-H Club boys from Jones County, with the Hamlin section well represented, are expected to attend the annual six-county 4-H Club camp near Lake Cisco, Monday and Tuesday, July 11 and 12, according to County Agent Bill Lehberg, sponsor for the boys. Around 200 boys from Jones, Shackelford, Callahan, Stephens, Eastland and Palo Pinto Counties attend the gathering each year. Activities at the camp include swimming, horseshoe and washer pitching, track meet, three-leg race, tug of war, skating and a softball tournament. Jones County boys are defending champions in the softball competition, having won the blue ribbon for the past two years.

New officers for the ensuing year for the Hamlin Masonic Lodge 958 were installed in rites Friday night at the Masonic hall. Clarence Hyer was installed as worshipful master, with C. M. Abbott as senior warden and W. A. Cassie as junior warden. Other officers installed were: L. C. Feagan, treasurer; Ira A. Clements, secretary; Bobby Crowley, senior deacon; T. A. Davis, junior deacon; A. E. Killion, senior steward; Diamond Anderson, junior steward; and Jay H. Fitzgerald, who is the outgoing worshipful master, tiler. Ira A. Clements served as installing officer. He was assisted by H. L. Prince, installing marshal.

TEN YEARS AGO

(July 8, 1965)

Approximately 150 persons attended the first anniversary open house at the Holiday Lodge, Sunday from 2 to 4 p.m. Visitors registered from McCaulley, Roby, Rotan, Stamford, Anson, Aspermont, Lubbock, Post, San Antonio, Odessa, Austin, Lamesa, Fort Worth, Dallas, Abilene, Santa Fe, N. M. and Bethany, Okla.

Fourteen Hamlin youths have completed plans to attend the 18th annual McMurry College Band and Twirling school, July 11-24. Jayne Carol Turner, Lynn Brannon, Margaret Ann Johnson, James E. Knobel, John W. Osborn Jr. and Linda Legan will receive instruction in playing their individual instruments. Reta Grace Oliver,

Patty Cowan, Patricia Perrin, Patti Murphree, Terese Perrin, Sharee Renee Nail, Jane Hymer and Dianne Crowley will also receive instructions. More than 300 students from all over Texas have been accepted for the two-week band and twirling school with the total expected to reach almost 500 by the start of classes.

Day camp for Camp Fire and Blue Bird will be held Aug. 2-6 according to Mrs. G. W. Kincaid, chairman. The camp will be held at City Park with the girls taking swimming instruction at Hamlin Foundation Pool. The daily schedule will include organized playtime, group singing, hand arts, camper's skill instruction and swimming.

The members of the Hamlin Chapter of the Future Homemakers of America met on Tuesday morning, at 10 a.m. at the city park for a swimming party and picnic. There, the incoming Freshman girls were welcomed into F.H.A. After swimming, a picnic lunch was served to approximately 60 girls and their sponsors, Mrs. Camille Simmons and Mrs. Arla Felts.

## Neinda Philosopher Feels Sorry for Benjamin Franklin's Short-Sightedness

**Editor's note:** The Neinda Philosopher on his Johnson grass farm on Route One discusses economic theory this week, sort of.

Dear editor:

You take a man like Benjamin Franklin, how was he to know 200 years ago that his notions about thrift would eventually be bad for the economy? That "a penny saved is a penny earned" is a theory that produces a nose-dive in the Gross National Product?

You see, according to an article I read last night, economists have been cheered because consumers, after holding back for three months, have now gone

forward to buying more on credit. The Federal Reserve Board reported that consumer debt rose for the first time in three months, reaching 185 billion dollars, a gain of over 3 billion.

Economists have pegged hopes for a significant recovery from the recession to a revival of consumer confidence and spending," the article said, and this jump, or plunge as Backward Ben Franklin might put it, in total indebtedness, is highly encouraging.

This theory shows why farmers for instance every time they go in debt to make a crop that loses money are strengthening the back-bone of the economy. It shows that the Federal

government, now over 300 billion dollars in debt and going in deeper all the time, is lighting the path toward economic recovery, and coming along with flashlights of their own are state and city and county governments. Take New York City for example. Clearly it has taken the lead in pushing for a healthier economy.

I feel sorry for Benjamin Franklin, but you've got to remember he had no way,

looking 200 years down the road through those primitive spectacles he wore, to see

that a solvent man is a road-block to economic recovery,

that refusing to spend actually is sabotaging the economic machinery.

But he was a smart man, he could adapt to change and new ideas, and if he were around today no doubt would be saying "a penny saved is a monkey wrench thrown."

By the way, do you sell subscriptions to The Herald on credit? Aren't you in favor of whipping the recession? Yours faithfully,

J. A.

**Herman Propst****Speaks to Ag Club Monday**

The Hamlin Ag Club met in regular monthly session Monday evening at the Vocational Agriculture building with nine members present.

Herman Propst of Anson and the Rolling Plains Cotton Growers was the speaker. He spoke on his job as one of the spokesmen for the cotton producer on the Rolling Plains of Texas, his work with the Congressmen in Washington, D.C., on Agriculture legislation, and the problems the cotton producer and all agricultural interests face today from a consumer-oriented Congress.

The officers of the Hamlin Ag Club remind everyone that this is an educational organization open to anyone interested in agriculture, no matter what their age or what they do for a living. We meet at least once every month and every meeting is intended to be educational. Education is a never ending process, so please support this organization by attending its meetings so we may learn together, the officers emphasized.

**RESIDENTS HONORED**—Residents of Holiday Lodge observing birthdays during July were honored Monday afternoon with a party in the dining room. Honored were, from left, Mrs. Mary Jane Holland, who was born July 10, 1898; Mrs. Martha Proctor, who was joined by her daughter, Tommie Foster, standing, in celebrating her 91st birthday Monday; and Mrs. Gladys Clay, who was born July 31, 1889. Honorees not pictured include Mrs. Leslie Riddle, born July 28, 1893; Santana Valdez, July 26, 1912; and Mrs. C. C. Prater, July 21, 1893.

**CAPITAL HIGHLIGHTS****House May Hold Impeachment Proceedings**

AUSTIN — The House of Representatives may be returning to Austin before September 1 to consider the first impeachment proceedings in more than 40 years.

A select House committee

already has directed its staff to draft several articles of impeachment against 229th District Judge O. P. Carrillo of Duval County.

Committee members rounded out their examination of the record in their inquiry into allegations against Carrillo last week in closed-door session.

They will vote in open session on the proposed articles.

If a majority of the 11-member panel vote to press any of the articles, the House must be called into session to consider them on the third Monday following the committee report.

The constitution further provides that the Senate must

try impeachment charges brought by the House against certain state officials, including district judges.

A two-thirds vote in the Senate is required to convict.

Fewer than a dozen serious impeachment proceedings have been brought in a century. Only one of these—the 1917 case against then Gov. James E. Ferguson—actually resulted in a removal from office.

**RAIDS CONTINUE**

Comptroller Bob Bullock led more raids against sales tax-delinquent firms in the Dallas area which, he said, owe more than \$200,000 to the state and city.

The Comptroller's agents locked a restaurant, closed a concrete manufacturer, took inventories and equipment from a photo shop, appliance shop, air conditioning firm and microfilm service company.

Property seized will be sold at public auction to satisfy tax claims unless owners pay up, Bullock said.

He scheduled an auction July 21 in San Antonio for nearly 15,000 cases of whiskey, wine and beer taken from three discount liquor houses whose owner owed \$405,000 in delinquent sales taxes.

**Highways in Trouble**  
Texas Highways and Public Transportation Department cancelled August contract lettings because of inflated costs and declining gasoline taxes.

Both T.H.P.T.D. Engineer-Director B.L. DeBerry and Gov. Dolph Briscoe, meanwhile, expressed concern over President Ford's federal highway program.

DeBerry said reducing the federal highway trust fund
